Control/Docket No. 58124.

Ratepayer Protest – Aqua Texas Rate Increase.

Homeowner Cathy Braun, Heron Lakes Townhomes

I am an Aqua Texas customer, and have been for 26 years. I oppose the requested rate increase in docket 58124. Customers are now charged a monthly sewer base charge PLUS \$5.25 per 1,000 gallons of metered water use. Not all metered water goes into the sewer—water used for lawns, landscaping, trees and plants goes into the ground but can still increase your sewer charge.

We are in a townhome community, and most people are on fixed income. Please reconsider this increase.

Thank you,

Cathy Braun
